KNOW ALL MEN BY THESE PRESENTS: That Copper Ridge Development L.L.C., (hereinafter referred to as "Developer"), being on the day hereof, the owner of all property contained in COPPER CREEK SUBDIVISION, a plat of which appears in the Register's Office of Madison County, Tennessee, in **Plat Book 10, Page 452**, reference to which plat which is hereby made, and the owner of all of the lots onto which such property is subdivided as shown by such Plat, and desiring to create and establish certain restrictions with respect to all of the lots in COPPER CREEK (hereinafter called "Subdivision"), and the use thereof, for the benefit and protection of the undersigned and of all persons subsequently being purchasers or owners of any such lots, and as an inducement to encourage the purchase by others of such lots, and as residential purposes, does hereby impress upon such property and upon each and all of the lots into which the same has been subdivided as provided by the plat of the following covenants and restrictions:

Restrictions on Home Builders & Lot Owners:

1. **ANY VARIANCE** from these restrictive covenants permitted herein by approval of the Developer whether specified or not is to be **APPROVED IN WRITING BY DEVELOPER**.

2. Any dwelling erected on any residential lot shall be a minimum of **2,200 Square Feet UNDER ROOF**, also having an **interior HEATED floor area (Whether SINGLE-LEVEL or SPLIT) of at least 1,800 Square Feet**, said minimum interior heated floor area to be exclusive of all areas within open porches, breezeways, garages, and accessory buildings; provided however, that a ONE and ONE-HALF (1-1/2) or TWO (2) STORY DWELLING may have a minimum **interior HEATED ground floor area of 900 Square Feet** if such ONE and ONE-HALF (1-1/2) or TWO (2) STORY DWELLING has a TOTAL INTERIOR HEATED FLOOR AREA (Exclusive of open porches, breezeways, garages and accessory buildings) of at least **1,800 Square Feet**.

3. AN **"ARCHITECTURAL COMMITTEE"** IS HEREBY ESTABLISHED. The initial committee shall consist of R. Joel McAlexander, Shane E. McAlexander, and a third person to be named by Declarant who shall serve for a period of five years. Upon the expiration of the five years or the earlier resignation of R. Joel McAlexander or Shane E. McAlexander the "Copper Creek Homeowner's Association" shall then appoint the *Architectural Committee*, to be composed of three or more individual lot owners. The affirmative vote of a majority of the membership of the *Architectural Committee* shall be required to issue approval to any plans or modifications.

4. PRIOR TO CONSTRUCTION of **any** improvement or structure of any kind, including without limitation, the main DWELLING, buildings, fences, walls, grading, parking and/or building additions, alterations, screens, enclosures, decorative buildings, landscaping, landscape devices, playgrounds, swimming pools or objects or other improvements upon a lot in the SUBDIVISION, the owner of the lot must submit a detailed set of preliminary plans to the **"ARCHITECTURAL COMMITTEE"** including but not limited to the following:

a.) A **site plan** of the Lot showing the **location of the house** with respect to said Lot and all **structures, fences or barriers**, as well as **driveways and landscape plans**.

b.) A **drainage plan with arrows showing direction of runoff must to be APPROVED IN WRITING BY DEVELOPER** prior to commencement of construction.

c.) A **set of architectural plans, showing the exterior (including front, rear and side) elevations, kind, shape, height, & materials** (specifically earth toned materials).

Specific architectural elements that *must* be REVIEWED BY DEVELOPER are:

1.) Shutter size & shape – Shutters should be of similar shape and size to the adjacent window(s) so if hinged, the shutters would actually close to cover the window(s), must be of slat-board type (*look wooden*) and must be stained or painted an “earth tone” color.

2.) Column Materials – Columns over nine (9) feet in height must be of fiberglass construction *unless* otherwise approved by DEVELOPER in writing.

3.) Column Size – Columns should be at least one (1) inch in diameter for each one (1) foot of height *unless* otherwise approved by DEVELOPER in writing.

The ARCHITECTURAL COMMITTEE will evaluate each application for “**total effect**”, including the manner in which the home-site is developed. This evaluation relates to matters of JUDGEMENT and TASTE which cannot be reduced to a simple list of measurable criteria. It is possible therefore, that a proposed improvement might meet individual criteria delineated in these covenants and *still* not receive approval, if in the sole judgment of the architectural committee, its OVERALL AESTHETIC IMPACT is unacceptable.

APPROVAL of any such PLANS AND SPECIFICATIONS shall be final as to that LOT ONLY, and such approval MAY NOT BE REVOKED or RESCINDED thereafter provided that the plans and specifications as approved and any condition(s) attached to any such approval have been ADHERED TO and COMPLIED WITH in regard to all structures, fences, or barriers on and uses of the lot in question. NO CONSTRUCTION on any lot may be commenced without first obtaining said WRITTEN APPROVAL of the ARCHITECTURAL COMMITTEE. Once written approval has been obtained, construction on the lot must generally conform to the approved plans

5. A “**Country French Style**” must be incorporated into every single-family dwelling erected on any lot in the Subdivision, *meaning* specific elements common to these houses will include:

- A.) Tall, thin windows, often with slat-board shutters
